Deborah Dunleavy Annual Report

A record of action.....The promise of more

Dear Resident

Welcome to my annual report. I hope you will take time to read it. This is my account to you the residents of Bolton North East, who will hopefully be my future constituents when I am elected as your MP at the next General Election.

In this report I look back over some fantastic months in which my team have produced and delivered over 500,000 pieces of literature; campaigned non-stop through the local media on both local and national issues; welcomed 11 Conservative Shadow Ministers to Bolton including two visits from David Cameron, William Hague and George Osborne to promote Bolton's success stories.

I have also visited every secondary school in the constituency as well as visiting many charities and people working in the voluntary sector.

This hopefully demonstrates to you the kind of MP I would be and that Bolton North East needs - a person of action who achieves positive outcomes to benefit local people.

I hope you enjoying reading my report, and I look forward to hearing from you if you have any issues you would like to me to look into.

Yours sincerely

Deborah Dunleavy

Spotlight on our Communities

Deborah meeting Local GP, Dr Stuart Shaw at Harwood Medical Centre

Dr Shaw told Deborah "The Primary Care Trust (PCT) has insisted that we use a software system called 'Vision' in which the data is held remotely.

"Frequently the system is so slow it causes delays in accessing patients information. It seems that software and management systems that cost millions of pounds are more of a priority to the Government than providing front line medical services."
